Welcome to PonyCon 2016!

This year sees the 13th UK PonyCon and we can't quite believe it. Some people think that the number 13 is bad luck but we have to disagree, and the committee have been working hard to ensure that we give you the best convention yet.

Of course it's not all sunshine and rainbows in the world of My Little Ponies so this year we wanted to give some kudos to the bad guys. If you didn't already know it, this year PonyCon is themed around heroes and villains. It's been really tough to pick our favourites on both sides but you'll see them dotted around the convention in various forms.

In this con book you'll find fantastic submissions from our friends as well as a floor plan of the venue. We hope you find what you're looking for from our vendors on the Maremetropolis High Street where there are certain to be lots of goodies. When you're all shopped out we have a packed events timetable which you'll also find in here. From Pinch The Parcel to Karaoke to Cosplay we'd love to see you taking part and having fun. Don't forget to check out our contests and raffles where the prizes really are fantastic.

I'm thrilled to tell you that once again we're supporting The Riding for the Disabled Association because they do truly fantastic work. Make sure that you stop by their stall to treat yourself and don't forget that the proceeds from our Charity Auction goes directly to them so please bid!

Your 2016 committee are really glad you could join us this weekend. Please if you need anything, come and find us!

Love,

Daffydilly

UK PonyCon 2016 Chair

Meet the Team

Daffydilly - born on the alien planet Krypton, she started very early on to display various superhuman abilities, which she resolved to use for the benefit of humanity through a secret "UK PonyCon Chair" identity.

A UK billionaire playboy, business magnate, and ingenious engineer, **Camtheman** suffers a severe chest injury during a kidnapping in which his captors attempt to force him to build a weapon of mass destruction. He instead creates the UK PonyCon treasury to save his life and escape captivity.

Bitten by a radioactive spider, **Maz** gained the speed, strength and powers to be the perfect operations assistant for UK PonyCon. With great powers come great responsibilities. And best pony is Fluttershy.

Sparkler, known by many aliases is an expert spy and assassin. Trained at a young age by the famous KGB's Pony Room Academy, Sparkler was formerly an enemy to PonyCon, but later became their ally, creating some cute pony art and managing online communications.

Waterfire is a shapeshifter who can mimic the appearance and voice of any person with exquisite precision - which was needed to apply for the position of the UK PonyCon events co-ordinator.

Hampshirebrony has the ability to generate and control magnetic fields. He aims to conquer the world in disguise of our events assistant and favourite ambulance driver.

Daughter of a tribal princess, **Midnight-dynasty** has the ability to control the weather and can fly. She is a member of the X-Ponies, a group of mutant horses who fight for peace and equality between mutants and humans and also helps out with events in her free time.

Vikki has the involuntary ability to absorb and sometimes also remove the memories, physical strength, and super-powers of anyone she touches - perfectly suited as events assistant if you ask me.

DaisyD also known as the White Queen, has evolved from a supervillain to becoming a super volunteer co-ordinator, She is an urbane telepath with a well-noted, dry wit.

Guess the Super Heroes and find the odd one out!

Cosplay Rules

All attendees, stallholders, panellists, carers, volunteers and staff must comply with this policy regarding costumes, weapons and props to ensure the comfort, safety and security of all those attending UK PonyCon.

All attendees should consider whether their proposed costume, weapons and props are appropriate for a family-friendly event with children of all ages in attendance. If you think that any part of your outfit could cause distress to another attendee, please do not bring it to UK PonyCon.

UK PonyCon reserves the right to eject any attendee from the event if they are in contradiction of this policy, without refund or compensation. In cases of minor infractions and at the discretion of UK PonyCon, attendees may be given the opportunity to leave and return to the event having changed their costume and/or disposed of any prohibited item(s). The UK PonyCon chairperson has final opinion in whether a costume or item complies with this policy.

If you notice anyone with a costume, weapon or prop that causes you distress or concern, or feel distressed due to another attendee's behaviour, please notify a member of UK PonyCon staff immediately.

UK PonyCon reserves the right to grant exemptions to the banned items list for specific items to specific people for specific purposes in exceptional circumstances. It is not acceptable to bring a banned item to UK PonyCon with the excuse that you have seen someone else with a banned item.

Unrealistic and Toy Weapons

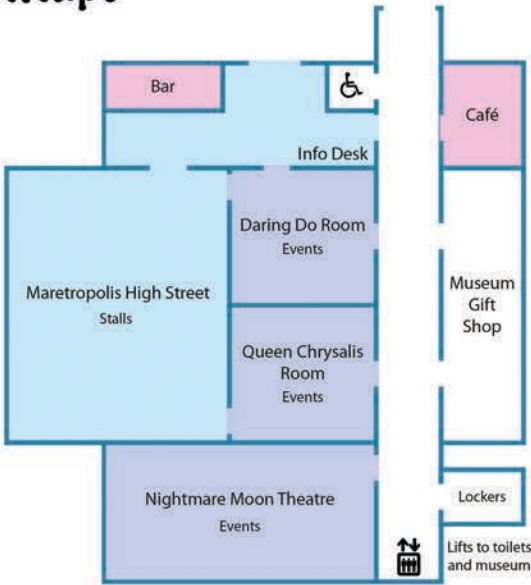

Weapons that are clearly unrealistic or a toy, for example through bright colours, lights or inspired from science-fiction, are permitted subject to inspection and tagging.

They must be presented to the UK PonyCon information desk upon arrival, where they will be inspected for compliance and tagged with high-visibility contrasting tape and/or high-visibility zip ties. These tags must always be visible within the event space and must not be removed during the event, even for the cosplay competition or photos. Permitted weapons must not be loaded or pointed towards another attendee, except in the case of mutually agreed photos.

Build a Pony: How good are your improvisation skills? With just some cardboard boxes and craft supplies, your challenge is to build the best pony you can!

HTC Vive Demo: Alex kindly showed off his Oculus Rift last year, and he's coming back with the HTC Vive! Catch the Virtual Reality bug! Sign up fast, spaces are VERY limited.

Draw-A-Pony: If your friend loves drawing, see how much they like it blindfolded! Give them directions to create their masterpiece; will they draw a pony or will we get the Smooze?

CCG Demonstration and Introduction: Ever wondered what the collectible card game is all about? Wonder no more! Learn how it's played from expert players and have a go for yourself.

VA Workshop: Vocal techniques and practices. Be confident, be loud and not afraid of looking stupid as there will be tension exercises involving your face! It is a VERY practical workshop and will involve moving around.

Closing Ceremony: All good things have to end, and Pony-Con is no exception. Join us to say goodbye and hand out prizes before we all have to go home for another year.

The Villain Contest

The Villain Contest (by Loganberry)

=====

From far and wide the ponies came,
They marvelled at the sight.
A shudder ran through all the crowd
Upon that fateful night.

It was the eve of Nightmare Moon,
That much, at least, is true,
But also it was Tirek's time,
Lavan's and Grogar's too.

Out of the murk loomed Chrysalis
With Sombra, whereupon
Catrina laughed and purred with glee,
All reformation gone.

Judge Megan and Judge Twilight then
Strode out to start the clock:
"You have one hour. The victor shall
Win Minty's oldest sock!"

A deathly hush fell on the place
As dreadful deeds were done.
The watchers, safe behind their shield,
Still longed to turn and run.

But when the villains' time was up,
They waited side by side,
Their faces (those who had them) flushed
With awful, evil pride.

So why was it both judges bore
A smile upon their face?
"You've proved," they said, "your skills are GOOD!"
That word the rogue's disgrace!
