BEACH PARTY

OUR AMAZING BEACH PARTY LINEUP

Well it wouldn't be an Ocean Adventure without a Beach Party! Join us in our musical celebration at the 16th UK PonyCon!

It has been an honour to organise this again and I am so excited for all of the acts joining us tonight.

I hope everyone has a wonderful evening and lots of special memories are made. Lets make this a party Pinkie would be proud of!

Enjoy yourselves, sing and dance to your heart's content, smile and enjoy being surrounded by friends.

STEELY HOOVES

Currently a third year music production student, Steely Hooves has had a passion for music as long as they can remember. Steely has been mixing music and a love of all things pony for the last five years and has performed at numerous cons in the UK and Europe both as a solo artist and as a member of the pony rock group 'Coltastrophe'. Steely also puts their talents to good use creating psychedelic dance music and producing audio for businesses.

RE:MAKE

RE:MAKE are a Surrey-based rock / pop-punk band, who are heavily inspired by Jrock. Previously known as AcousticBrony, they have brought their own style of rock to the fandom through their popular 'Elements' series, which started with their most popular song 'Loyalty'. Since then, they have released two albums with songs inspired by games and anime and are now currently working on their third.

PRINCEWHATEVERER

Hey! I'm PrinceWhateverer, a musician from down on the south-east coast, I live in a small seaside town and spends most of my time working on music and other projects for the MLP fandom! Most people know me for songs like Frailty and Destabilize, though recently I've started dabbling in comic dubs and animation! If you like the louder, more aggressive kinds of music, consider giving me a listen! >D

BASSPON3

BassPon3 is bringing the bass. Though relatively unknown, he is a staple of A State of Sugar's albums with his energetic, pony-influenced sound with tracks such as 'Memories' and 'Celestial Rebirth'. BP3 is also notable for his tracks 'Sleepless in Equestria', 'Chasing Rainbows' and his recent remix of 'Eurodancer' that was featured on T6 Radio On top of ponies, he is also a massive movie, video game and kaiju geek.
